FINGERPRINTING PROS
2620 S. Maryland Parkway
(Maryland Parkway and Sahara in the Smiths
Shopping Center)
702 734-2665
HOURS M-F 8:00AM - 5:00PM

The Private Investigator's Licensing Board (PILB) will streamline our fingerprinting process. Effective **Monday September 22nd, 2014** applicants will be required to pay the application fee to us prior to them going to a fingerprinting agency. Once we receive payment, we will stamp and date our revised electronic submission form and they will be required to present this form to the fingerprinting agency prior to being processed. Applicants may also provide fingerprinting agencies an online payment confirmation page or a printed receipt from our agency as acceptable documentation.

The New Process:

We have attached examples of the online *payment confirmation page* and what the *stamped electronic submission form* from our agency would look like for your review and a **NEW** completed work card application. Please discontinue any old versions of the applications, and use the new revised application dated 9/1/2014.

Please Note: If applicants do not have the acceptable documentation with them to show they have paid, they will have to return to our office prior to the fingerprinting agencies processing them. Therefore, we encourage all licensees to distribute this email to all personnel staff and inform all work card applicants about the new process.
